

Focus Inc.

Our History

Focus, Inc. was founded in 1978 as a non-profit, early intervention program. As the years passed, we added various services for older children and then for adults. We are governed by a Board of Directors, composed of parents of children with disabilities and disability professionals, and a Management Team led by a Director. Focus presently employs over 200 staff members in Northeast Arkansas.

Focus targets individuals with developmental disabilities, particularly those who are underserved, either because of the severity of the disability or because of the lack of family and community support. It is our goal to offer services that are capable of facilitating lifestyle changes and that meet primary needs. We also try to ensure that our services support the individual's presence in the family and the community.

Focus wants to be an asset to the communities in which we work, to be a responsible employer of community members and to meet real community needs.

EMPOWERING INDIVIDUALS.
PURSUING THEIR GOALS.
CARING FOR OUR
COMMUNITY.
HELP CHANGE THEIR LIVES!

**TO EMPOWER
INDIVIDUALS, WITH OR
WITHOUT DISABILITIES,
TO PURSUE THEIR
GOALS AND TAKE THEIR
PLACE IN OUR
COMMUNITY.**

The Focus Adult Development Programs are day activity programs operated by Focus, Inc. They are licensed, partially funded and monitored by the State of Arkansas. The purpose of the programs is to assist adults with disabilities to grow and learn.

By donating to the Greene County Community Fund, you are funding the work that can be done through Focus Inc!

Thank you for helping my friends!
